Message by Mr. James P. Grant  
Executive Director of the United Nations Children's Fund (UNICEF)

to the  
Mainichi Shimbun and the Mainichi Social Welfare Foundation

New York - May 1992

It is with great pleasure that I congratulate the Mainichi Shimbun and the Mainichi Social Welfare Foundation on the 14th anniversary of their fundraising campaign for the underprivileged people of the world. All of us in UNICEF appreciate Mainichi's special concern for the plight of children of the developing world, and, in particular, its campaigns for children carried out every year since the 1979 International Year of the Child.

We are especially pleased that for this year's campaign, the Mainichi Shimbun chose to highlight children and mothers who have been victimized by 20 years of conflict in Cambodia. You are sensitizing your readership to the special vulnerability of children to the consequences of war and civil strife. We appreciate Mainichi's efforts to encourage Japanese readers to join hands in helping UNICEF meet the needs of Cambodian children and those of millions of children and mothers in other parts of the developing world.

UNICEF continues to count on the support of the Mainichi newspapers, Mainichi Social Welfare Foundation and millions of readers in Japan for our work for the well-being of the world's children.
