I. FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 1977

Summary

1. For most purposes, the significant flow of funds comprises all those used for meeting commitments approved by the Executive Board. The inflow, for convenience called "revenue", consists of income and funds-in-trust received for commitments approved by the Board. Revenue amounted to \$164 million in 1977. This was \$29 million or 21.5 per cent higher than in 1976.
2. Expenditure in fulfilment of commitments approved by the Board was \$142 million in 1977, \$29 million or 25.4 per cent higher than in 1976 (statement IV). In addition, contributions in kind not reflected in the accounts of UNICEF were delivered to projects during 1977 to the value of \$33 million (E/ICEF/654, chapter III).
3. New commitments entered into effect for assistance to projects, programme support and administrative services in the amount of \$170 million, or \$46 million more than in 1976. Most projects are long-term, and commitments extend over several years. At the end of 1977, commitments in the amount of \$304 million were planned to be fulfilled during the period 1978-81.

Income and funds-in-trust

4. UNICEF income amounted to \$146 million in 1977 (statement I). Contributions from Governments were \$104 million, of which \$90 million were contributed to general resources, \$2 million towards programme support budget costs of local UNICEF offices, and \$12 million were supplementary funds contributed for specific purposes (projects) (schedule I). Contributions from non-governmental sources were \$13 million, of which \$7 million were for general resources and \$6 million for specific purposes. \$12 million of the total was collected under the auspices of UNICEF National Committees (schedule 2). Income taken into the 1977 accounts from the sale of greeting cards in the 1976 season (1st May 1976 - 30 April 1977) was \$11 million compared with \$6.5 million in 1976. "Other income" from miscellaneous sources was \$18 million, including \$5 million due to the higher book value of holdings of other currencies expressed in United States dollars (schedule 3). Income from greeting cards and miscellaneous sources went wholly to general resources.
5. In addition to income, funds-in-trust were received for commitments approved by the Board in the amount of \$18 million (statement III). Approximately \$13 million came from Governments and \$5 million from organizations in the United Nations system (schedule 10). Funds-in-trust are of course received for specific purposes.
6. Revenue comprising income and funds-in-trust available for meeting commitments approved by the Board, thus totalled \$164 million, (\$127 million was for general resources and \$37 million for specific purposes). This was 21.5 per cent higher than the \$135 million revenue of 1976 (\$106 million for general resources and \$29 million for specific purposes).

7. Other funds-in-trust, amounting to \$18 million, were received for reimbursable procurement of supplies and services for projects benefiting children, on behalf of Governments and organizations, in the U.N. system and non-governmental organizations; for cost of sponsored staff provided to UNICEF; and for operational costs of the International Year of the Child (statement III and table 1). The latter is a new and temporary item arising from General Assembly resolution A/31/169 which placed the operations of the secretariat of the International Year of the Child under the administration of UNICEF, and appealed for special contributions for the cost.* These funds-in-trust are not available for meeting commitments approved by the Board, and do not form part of UNICEF's revenue.

Expenditures of income and funds-in-trust

8. Expenditures in fulfilment of commitments approved by the Executive Board are made from income and from funds-in-trust received for specific purposes. In 1977, expenditures financed from income amounted to \$125 million. Of this total, assistance expenditures were \$111 million, comprising \$67 million for supplies and equipment; \$22 million for non-supply assistance, such as training grants, project personnel and local costs and \$22 million budget costs (gross) for programme support. The remaining expenditures were for administrative costs in the amount of \$14 million (gross), (statement I). The net costs of these budgets were \$8 million less. After deduction of income from staff assessment, commissions on reimbursable procurement, and contributions towards local budget costs from governments of countries having assisted projects, etc. the net cost of programme support was \$17 million and for administrative services \$11 million (table 4).

9. In addition to the above expenditures met from income, UNICEF spent \$17 million from funds-in-trust for commitments approved by the Executive Board for co-operation in country projects. Thus the total expenditure from income and funds-in-trust against Board commitments was \$142 million (statements III and IV). This was \$29 million or 25.4 per cent higher than in 1976.

10. In addition, during 1977 contributions in kind (mainly children's foods), valued by donors at \$33 million, were delivered to projects through UNICEF. These deliveries, amounting to \$4 million more than in 1976, are not reflected in the financial accounts of UNICEF, though handled through the administrative and programme support costs of the organization (E/ICEF/654, Chapter III).

11. The assistance of UNICEF went to projects in 113 countries. Most of the projects included components in one or more of the following fields: improvement of child health services, village water supply, child nutrition, education (formal and non-formal), child welfare services and emergency relief.

12. For reimbursable procurement and other trust-fund activities not related to Board commitments, there was an expenditure of \$13.5 million (statement III). The operational costs for the International Year of the Child totalled \$0.5 million. This expenditure was in addition to the \$142 million spent in fulfillment of commitments approved by the Board (paragraph 8).

*This trust fund is distinct from UNICEF's contribution of \$3 million for helping developing countries to review the situation of their children and prepare plans for strengthening policies and services benefiting them which is shown in Statement V.

Commitments, assets and liabilities

13. Assets, liabilities and commitments for assistance and budgetary expenditures as at the end of 1977 are shown in statement II. According to procedures established by the Executive Board, commitments for assistance to projects enter into effect when the Board approves them at its annual session, or by mail poll, and between sessions when funds are received as contributions for specific purposes or funds-in-trust, to finance projects that have been approved in advance by the Board through its noting procedure, or for emergency relief.

14. Statement IV shows that at the beginning of 1977, there was a balance of unspent commitments carried forward from previous years totalling \$276 million. At the 1977 Board session, new commitments were approved for a total amount of \$129 million. In addition, commitments came into effect between the Board sessions up to 31 December 1977 for a further amount of \$46 million. After deduction of savings and adjustments amounting to \$5 million, the total of new commitments entering into effect during the year was \$170 million, or \$46 million more than in 1976. The opening balance plus the new commitments thus amounted to \$446 million.

15. In the course of 1977, commitments were fulfilled by expenditures from income and funds-in-trust to the extent of \$142 million. Thus the balance of unspent commitments at the end of 1977 was \$304 million (statement IV). Most of these commitments had been approved for long-term projects for a period of several years, to be financed from future resources, and they are expected to be called-forward during the years 1978-81. Statement V shows the evolution of commitments during 1977 for each country where UNICEF is co-operating in projects.

16. Statement II shows short-term holdings totalling \$131 million at the end of 1977, comprising \$12 million in cash, in transit and in current bank accounts, \$119 million in short-term bank deposits (listed in Schedule IV). These amounts include \$11 million in currencies not fully transferable by UNICEF, much of which will be used for purchases and local office expenses; and \$24 million in unspent balances of funds given in trust to UNICEF (note 7 and statement III).

The transferable cash and deposits belonging to UNICEF amounted therefore to \$96 million at the end of 1977, compared with \$78 million a year earlier. This constitutes UNICEF's liquid operating capital. It needs to grow with the increasing dollar volume of UNICEF's operations, but it is now above the guidelines set by the Executive Board. Its size is mainly affected by differences between revenue and expenditure, since changes in other assets are smaller. As mentioned in paragraphs 1 and 2, revenue and expenditure related to commitments approved by the Board were each \$29 million higher in 1977 than in 1976. During the last six months of 1977, reflecting the higher level of commitments approved (paragraph 14), there was a further substantial increase in call-forwards from field offices for procurement, which will lead to a corresponding rise in expenditures in 1978, and possibly some reduction in operational capital.

17. The Executive Director's general progress report to the 1978 Board session (E/ICEF/654) and the "UNICEF 1978 Report" may be referred to for an account of the content of the work of which this report gives the financial reflection.

NOTES TO FINANCIAL STATEMENTS

1. The accounts of UNICEF are maintained in accordance with the Financial Regulations of the United Nations, with some adjustments required by the nature of UNICEF's work, made under the grant of authority to UNICEF by the General Assembly and the Secretary-General. The financial period consists of one calendar year. Systematic year-end cut-off procedures are in effect in respect of documentation originating from 41 field offices in different parts of the world. Except as may be otherwise required by the terms of special accounts, assets and liabilities, revenues and expenditures are recorded on the accrual basis of accounting whereby at the year-end receivables and payables are established for closure purposes. Contributions accepted under trust fund conditions specified by donors are recorded in separate accounts. Revenues derived from the staff assessment plan are classified as "other income."

The financial report for 1977 is presented in essentially the same format as for the previous years. The accounts consist of 6 statements and 13 schedules. Statements comprise the basic accounting for income and expenditures, assets and liabilities, funds-in-trust, and the financial process of fulfilling the commitments of UNICEF approved by the Executive Board for project assistance and the budgets for programme support and administrative services. There are 13 notes to these statements explaining various items in the accounts. The schedules provide additional details and breakdowns, and the tables in the appendix provide further information and analysis. Comparisons with the previous year are given in the statements, schedules and tables.

Following a decision of the Executive Board at its 1976 session (E/ICEF/644, paragraph 67d), from 1 January 1977 UNICEF commitments and expenditures are classified and summarized by source of funds (general resources, supplementary funds, including funds from organizations of the United Nations system). This is reflected in a new arrangement of statement IV.

2. Contributions were received from 133 Governments to a total of \$104,383,640 (statement I) for general and specific purposes, paid or pledged to UNICEF as follows:

\$32,109,154 in United States dollars;
\$65,639,526 in other currencies of unrestricted use;
\$ 6,634,960 in currencies of restricted use;

3. Outstanding government contributions have been written off in an amount of \$5,700.

4. The net income from greeting cards and related operations totalling \$10,919,148 was in respect of the 1976 sales season, the accounts for which were closed at 30 April 1977. Details of income and expenditure were published separately (E/ICEF/AB/L.182).

5. Expenditures on supplies and equipment includes supplies packed by the UNICEF Packing and Assembly Centre in Copenhagen (UNIPAC) for a total value of \$27,127,165. They were charged to country projects at standard material costs plus an average charge to cover operating expenses (12.75 per cent) and inward freight (6 per cent) from the manufacturers to Copenhagen (E/ICEF/AB/L. 189).

6. Budgetary estimates were approved by the Executive Board at its session of May 1976 (E/ICEF/644, para. 152) and revised estimates at its session of May 1977 (E/ICEF/651, para. 177). The revised estimates amounted to \$14,355,200 (gross) for administrative services and \$24,764,400 (gross) for programme support. Expenditures were \$13,769,946 and \$21,894,811, respectively. The unencumbered balances of these commitments totalling \$3,454,843 represent savings in the budgets (statement VI) and were automatically cancelled at the year-end (statement V). Income related to the budgetary expenditures and going to general resources amounted to \$1,665,378 for government contributions towards local budget costs (schedule 1) and \$5,795,224 for other income (schedule 3), thus totalling \$7,460,602 or 20.9 per cent of the gross expenditures. Net budgetary costs were therefore \$16.8 million for programme support and \$11.4 million for administrative services. The value at cost at time of acquisition of non-expendable equipment still in use at Headquarters, but not reported in the accounts as an asset, amounted to \$556,841 as at 31 December 1977.

7. At 31 December 1977, statement II shows cash in hand, in transit and at banks in current accounts and short-term investments total \$131,020,458. It was held as follows:

\$45,580,684 in United States dollars;
\$74,740,983 in other currencies of unrestricted use;
\$10,698,791 in currencies of restricted use.

8. Following the procedure introduced in 1975, the balances of the Greeting Card Operation as at 31 December 1977 have been consolidated in statement II under assets and liabilities. Schedule 8 provides the relevant details of assets comprising the value of equipment and inventory and advances made to the Greeting Card Operation for budgetary expenditures for the period 1 May to 31 December 1977, and expenditures undertaken in advance for the 1978 sales campaign. Liabilities include the proceeds already transferred from the Greeting Card Operation in respect of the 1977 sales campaign. The full amount of net proceeds for this campaign will, as in previous years, be included in income for 1978, after closure of the Greeting Card Operation Account at 30 April 1978.

9. UNICEF purchased housing for use by the staff in the field as authorized by the Executive Board at its session in May 1974 (E/ICEF/633, para. 195). The value shown in statement II represents the acquisition cost less amortization of one house in Brasilia, Brazil, two houses in Jakarta, Indonesia and one house in Juba, Sudan. An amount of \$29,562 paid by staff members for rent was taken for amortization.

10. Accounts payable and other unliquidated obligations amounted to \$9,480,436. At 31 December 1977 there were, in addition, outstanding contractual obligations totalling \$32,919,301 for supplies and equipment ordered against unfulfilled commitments, of which the deliveries and payment had not been effected at that date. The corresponding total at the end of 1976 was \$25,710,037.

11. A reserve for insurance of \$200,000 was established in November 1950, when UNICEF adopted a policy of self-insurance. The reserve was to be restored annually to the level of \$200,000. A transfer of \$17,713 was required for this purpose in 1977.

12. At the year-end the unspent balance of commitments totalled \$304.1 million. This sum includes \$42.1 million approved in the 1977 Board session for 1978

programme support services (\$26.4 million, gross) and administrative services (\$15.7 million, gross). The balance of \$262.0 million represents approved project commitments, of which \$123.8 million had already been called forward as at 31 December 1977. The remaining commitments (\$138 million) are planned to be called forward in 1978 (\$105 million), in 1979 (\$27 million), in 1980 and 1981 (\$6 million).

13. As shown in statement V, the annual review of commitments has resulted in a number of adjustments and transfers as well as savings and deficits. A breakdown of transfers from the emergency reserve is provided in statement V (footnote a/). Other transfers are related to changes in source of financing in view of supplementary funds subsequently received. As in previous years, adjustments have been necessary to reflect the financial implications of some changes in contributions for specific purposes and funds-in-trust as well as other financial corrections, which do not affect the project assistance.
